

PASS 6.0 Compiler Update

The PASS 6.0 Compiler (WPComp.ocx), version 1.1.0.13 has been updated to support labels generated with ZebraDesigner.

Installation

Extract “Pass60-CompilerPatch1_1_0_13.exe” to a folder

This file must be executed in the “Run as administrator” mode

Follow the installation to update the WPComp.ocx

ZebraDesigner

Only differences from NX ZebraDesigner Application Note:

- Use XL variables (i.e., \$SV, \$ID, etc.)
- Print label format to file and save to “C:\Dynalab Data\Labels”
- Rename file extension from .prn to .ejf

PASS 6.0

Compile as normal
